

MobiCall

NVXperience -

The Dashboard Generator

Rethinking your Secure Alarm Management!

In our fast-paced world, it can be crucial to respond quickly and reliably to emergencies. This is where NVX from New Voice comes into play. We offer a user-friendly and flexible solution that allows you to

monitor and manage alarms in real-time, whether you're working in a control center or on the go. With NVX, you create a dashboard tailored to your specific needs, helping you stay on top of things at all times.

**Quick Response to Emergencies –
with NVX, always one Step ahead.**

Revolutionize your Alarm Management with Real-Time Visualization and Control!

Information in Real-Time

Display and manage alarms and localization data in real-time.

Multi-User Access

Manage alarms with multi-user features and ACL (Access Control List).

Customization

With the NVX configurator, user interfaces can be customized to specific needs.

MobiCall Integration

Seamless integration with MobiCall for comprehensive alarm solutions.

Flexibly Deployable

Whether in the control center or on the go - NVX is optimized for use on various devices.

Crisis Management

Effective crisis management through real-time notifications and status updates.

NVX is an advanced web platform from New Voice, specifically designed for the visualization and management of alarms. Fully integrated with the Mobi-Call alarm server solution, NVX allows for the creation of custom dashboards that can be used on various devices—from control centers to mobile apps.

Data Visualization & Reporting

Integrate detailed data reports and asset tracking directly into your dashboards.

ONVIF Camera Support

Full support for ONVIF cameras, including motion detection and remote control, whether PoE, Wi-Fi, or other IP cameras.

Presence and Alarm Management

Change presence status via web, app, or phone call and control alarm routes according to the presence status.

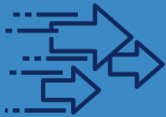

Scalability

Create NVX apps on the MobiCall server that can be exported and accessed on other systems via direct link or app selector.

Experience the **Future** of Alarm Management – **Today!**

Your Benefits with NVX and New Voice.

Fast

Always one step ahead with real-time monitoring and alerting.

Everywhere

Whether at your desk, in the control center, or on the go - NVX gives you control over your alarms anytime, anywhere.

Reliable

NVX integrates seamlessly with MobiCall, allowing you to benefit from a comprehensive alarm management solution.

Individual

Design your dashboard to meet your needs. Customize the interface to perfectly fit your workflow.

Easy

NVX is designed to be easily understandable and user-friendly for everyone—even without technical knowledge.
