1 VERNIEUWING MOBICALL CERTIFICATEN

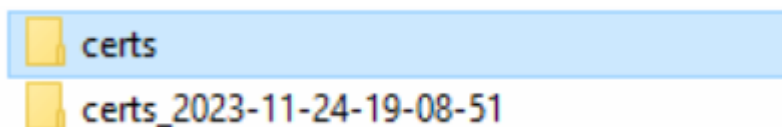

1.1 Vernieuwing MobiCall certificaten

Om de Mobicall certificaten te vernieuwen, downloadt u het volgende bestand en voert u het uit met administratorrechten op de alarmserver. De rest gebeurt automatisch:

(LET OP, de NV services worden automatisch gestopt en opnieuw gestart, een alarm is gedurende ongeveer 2-5 minuten niet mogelijk)

https://drive.google.com/file/d/1IUMwMiTlHaHrJCNw9lic96mRE03gwrK0/view?usp=drive_link

Bestaande certificaten in de certificaatmap worden gekopieerd en opgeslagen en vervolgens weer in de map ingevoegd.

De bovenstaande tool maakt het mogelijk om handmatige stappen overbodig te maken.

2 MOBICALL – CONTACTFORMULIER

MobiCall staat voor een duidelijke en eenvoudige aanpak, terwijl het tegelijkertijd zorgt voor een kosteneffectieve integratie in zowel het werkproces als de infrastructuur.
